

# The Oak Tree Community Farm is growing...

and we're looking for new members!

# The Oak Tree Farm on the edge of Ipswich is a community of around sixty households who together grow a wide variety of vegetables, fruit, flowers and eggs.

Our head grower plans and oversees the crops, and most members work an average of six hours a month at the farm over the year, at times to suit them. Membership is just over £40 a month, but there is also the option of paying more and doing less or even no work on the farm and just getting weekly produce delivered to your door.

- Get a weekly box of fresh, seasonal produce straight from the Farm
- Be part of a friendly growing community
- Learn how to grow vegetables, with no artificial fertilisers or pesticides
- Enjoy the natural, relaxed environment at the Farm
